## ORDERING INFORMATION

**PAYMENT METHOD** Payment required with order. Make checks payable to Voss Signs, LLC, PO Box 553, Manlius, NY 13104 (Fed. ID. No. 16-1553963). We also accept MasterCard, Visa, Discover, and government procurement cards. Open account available for commercial customers with first time credit check.

We reserve the right to make minor mathematical corrections. Please add a \$15.00 flat shipping and handling fee to your payment if your order is less than \$65.00. There will be a \$25.00 charge for returned checks.

**SALES TAX** NY State residents add appropriate sales tax.

**SHIPPING** We pay standard ground shipping costs on all signs in this catalog to the 48 contiguous states, except where indicated. Please include complete delivery instructions or directions. All other shipping methods are available at additional cost. For sign orders less than \$65.00, please add a \$15.00 shipping and handling fee.

**RETURNS** Stock items may be subject to a restocking fee. Please call before returning any stock items. Custom-made and personalized signs are not returnable.

**CUSTOM SIGNS ARE OUR SPECIALTY** We have full graphic arts facilities available to create custom signs for your every need. Custom signs are typically shipped within 2-2½ weeks after proof approval.

**OUR ART DEPARTMENT** can handle your most exacting requirements with professionalism and minimal response time. To assure your complete satisfaction before the job is printed, proofs of every custom order are provided by either fax, email or standard mail for your approval. We can accept your logos and artwork in most popular formats. Contact our art department at [art@VossSigns.com](mailto:art@VossSigns.com) if you have specific questions or require assistance.

**PRICING** We try our very best to maintain our prices but all prices are subject to change if deemed necessary.

### CONTACT INFORMATION

Fax: 24 Hrs / Day

## MATERIALS

Our products are printed in house using state-of-the-art technology and equipment to produce the finest, most durable signs for long term outdoor use. We offer a wide variety of materials for your custom needs. See the list below for available materials and gauges.

**PLASTIC** High density polyethylene comes in gauges\* from .024 to .125. Maximum UV inhibitors give our signs long term outdoor durability and colorfastness. *Common Uses: Posted Signs, Trail Signs, Special Event Signs*

**ALUMINUM** Our .012 gauge\* aluminum is available in infinite background colors and our .032 to .080 gauges\* are available with white baked enamel finish. *Special colors upon request.*

**SINTR (PVC) BOARD** Ideal for the application of our digitally printed vinyl material for highly rigid and impact resistant signage. Lightweight, expanded polyvinyl chloride has a closed cell structure with a low gloss, satin finished surface. *Common Uses: Interior Signage, POP Displays, Menu Boards*

**CORRUGATED PLASTIC** Made from white, 4mm thick material. Corrugated plastic is lined with flutes, that generally run vertically on the sign, to allow sign stakes to be inserted into them. This material is very durable and works well for outdoor use. *Common Uses: Yard Signs, Special Event Signs, Promotional Signs*

**LARGE FORMAT BANNERS** Highly visible and durable for outdoor use. We offer full color, photo quality printing, on long lasting 13 oz. and 15 oz. banner material with a variety of finishing options.

**SELF-ADHESIVE VINYL** Flexible and versatile material. Engineer grade reflective sheeting, non-reflective sheeting, permanent and removable bumper sticker material, inside mount window decals and perforated vinyl are available. *Common Uses: Window and Wall Decals, Bumper Stickers, Vehicle Graphics*

**REFLECTIVE SHEETING** Available in 3M AEG Reflective Series, High Intensity Reflective and Diamond Grade Reflective. *Common Uses: Traffic Signs, Trail Signs, Warning Signs*

**HIGH DENSITY URETHANE (H DU)** An eco-friendly material that does not absorb moisture. High humidity, rain, snow and ice are repelled so your sign will not warp or crack, and the paint lasts longer and stays brighter. *Common Uses: Sandblasted Signs*

**DIBOND** Aluminum composite material composed of two pre-painted sheets of .012 gauge aluminum bonded to a solid 3mm polyethylene core. This lightweight, durable material is ideal for outdoor applications. *Common Uses: Construction Site Signs, Business Front Signs, Exhibit Displays*

**MAGNETIC** Available in .030 gauge with a white background and your choice of print colors. *Common Uses: Vehicle Magnets, Business Cards*

**ALUMALITE** A corrugated plastic core with aluminum on both sides to provide rigidity and durability. It will not swell or corrode from the inside, which makes it a perfect choice for outdoor applications. *Common Uses: Outdoor Business Signs, Construction Site Signs, Wall Mounted Signs, Score Boards*

**POLYCARBONATE** A 3/16" extremely durable material that lasts 10 years plus, outdoors, and is highly impact resistant. *Common Uses: Backlit Signs, Kiosk Signs*

\* Gauge is a term used to reference the decimal equivalent of an inch. For example: .125 equals 1/8".

## Ground-Driven Marker Posts

Marker posts are made from Fiberglass Reinforced Polyester (FRP); offer easy installation and are virtually maintenance-free.

**Call for pricing.**

## 66" Delineator Posts

Our Delineator Posts are manufactured out of recycled and recyclable engineering thermo-plastic polymers, impervious to rot or rust. They will not splinter like fiber glass, become brittle in the cold, or soften in the heat. Posts will bend on contact and spring back to original shape. The 4"x 4" and 4" x 5" stock decals, shown on pages 5 and 6, can be applied directly to the posts. Larger 8"x 8" signs can be attached with bolts or fasteners if greater visibility is required. Posts are 4" wide and 66" tall. **Ground-Driven Marker Posts also available. See page 5. Call for pricing.**

Available Colors

Posts are flexible and durable enough to bend on contact and spring back to original shape.

48"

18"

### Post Driver \$245.95 each

For use with or without steel anchor. Remove top plate for steel anchor application.

### Steel U-Channel Hard Soil Anchor \$7.95 each

### Plastic Soft Soil Anchor \$3.95 each

Additional shipping on Delineator Posts, Post Drivers & Hardware.

## Voss Signs® 30# & 60# Rubber Sign Bases

Voss Signs® is your affordable source for portable sign bases made from recycled tire rubber. Our bases are ideal for school grounds, parking lots, crosswalks, stadiums, parades, or anywhere portable outdoor signs are needed. Our sign bases can withstand high winds, will not chip, crack, or rust and are available with wheels for increased portability. 5' tall PVC or 4' tall U-Channel posts easily attach to our bases which have a 1½" post hole. Posts include pre-drilled holes and mounting hardware. 30# and 60# base options listed below.

**Every 60# base purchased from Voss Signs® keeps 8 tires out of landfills!**

Many other recycled tire rubber items available, call for details.

## Voss Signs® Tree Identification Tags

Voss Signs® Tree Tags are printed on 4" x 6", medium (.070 gauge) tan plastic, with green print, 4 mounting holes and round corners. This series of descriptive tree identification signs includes as many as three common names, the scientific name, our staff artist's sketch of a typical leaf and a brief description of the tree as well as common uses of the wood. Individuals and organizations across the country are taking advantage of this unique product to help educate students and visitors to better appreciate their natural surroundings. Signs designed by artist Jackie Lawniczak.
