Your Message. Your Way. When You Need It.

**Main Manufacturing Facility and Retail Store,
Manlius, New York**

Since 1965, Voss Signs has produced a broad range of stock and custom signs using a wide variety of materials and processes. Our signs are created in a 60,000-square-foot facility in upstate New York using state-of-the-art technology and equipment.

HOURS

Office Hours: Mon–Fri: 8:00–4:30 EST

Walk-in Hours: Mon–Fri: 8:00–4:30 EST

Fax: 24 Hrs / Day

PAYMENT METHOD Payment required with order. Make checks payable to Voss Signs, LLC, PO Box 553, Manlius, NY 13104 (Fed. ID. No. 16-1553963). Open account available for commercial customers with first time credit check. Please add a \$15.00 flat shipping and handling fee. There will be a \$25.00 charge for returned checks.

SALES TAX NY State residents add appropriate sales tax.

SHIPPING We pay standard ground shipping costs on all signs in this catalog to the 48 contiguous states, except where indicated. Please include complete delivery instructions or directions. All other shipping methods are available at additional cost. Please add a \$15.00 shipping and handling fee.

RETURNS Stock items may be subject to a restocking fee. Please call before returning any stock items. Custom-made and personalized signs are not returnable.

PRICING We try our very best to maintain our prices but all prices are subject to change if deemed necessary.

Although Voss Signs stocks over 250,000 signs at any given time, custom signs are our specialty. Our graphic designers are able to create dynamic signs to your specifications. Our experienced sales department can assist you with your custom needs and provide you with sample signs demonstrating our capabilities and materials. Voss Signs, LLC is committed to providing the outdoor sign market with unsurpassed quality, pricing and service. We are proud to support many national, regional and state organizations through memberships. We appreciate your continued support and are happy to bring you our latest catalog featuring many new items.

Custom Signs

Our graphic designers are able to create signs to your exact specifications with professionalism and minimal response time. To ensure your complete satisfaction before the job is printed, a proof of every custom order is provided by either fax, email or standard mail for your approval. We can accept your logos and artwork in a wide variety of vector and raster formats. Contact our art department at art@VossSigns.com if you have specific questions or require assistance.

Screen Printing

Our screen printing process allows us to reproduce high quality artwork very accurately, using durable inks for long lasting outdoor exposure. We mix our own inks and can match any PMS number or color sample provided.

Digital Printing

Full color digital printing gives us the flexibility to produce attention grabbing signs and displays from very small to very large at a reasonable cost, especially in lower quantities. Digital printing significantly reduces the production time, allowing us to meet short deadline requirements. The finished product is crisp, making it more suitable for shorter viewing distances. Although the outdoor life of this product is more limited than our screen printed products, we use the newest ink technology available, which offers outdoor life for 5 to 7 years.

MATERIALS

Our products are printed in house using state-of-the-art technology and equipment to produce the finest, most durable signs for long term outdoor use. We offer a wide variety of materials for your custom needs. See the list below for available materials and gauges.

PLASTIC High density polyethylene comes in gauges* from .024 to .125. Maximum UV inhibitors give our signs long term outdoor durability and colorfastness. *Common Uses: Posted Signs, Trail Signs, Special Event Signs*

ALUMINUM Our .012 gauge* aluminum is available in infinite background colors and our .032 to .080 gauges* are available with white baked enamel finish. *Special colors upon request.*

SINTRA (PVC) BOARD Ideal for the application of our digitally printed vinyl material for highly rigid and impact resistant signage. Lightweight, expanded polyvinyl chloride has a closed cell structure with a low gloss, satin finished surface. *Common Uses: Interior Signage, POP Displays, Menu Boards*

CORRUGATED PLASTIC Made from white, 4mm thick material. Corrugated plastic is lined with flutes, that generally run vertically on the sign, to allow sign stakes to be inserted into them. This material is very durable and works well for outdoor use. *Common Uses: Yard Signs, Special Event Signs, Promotional Signs*

LARGE FORMAT BANNERS Highly visible and durable for outdoor use. We offer full color, photo quality printing, on long lasting 13 oz. and 15 oz. banner material with a variety of finishing options.

SELF-ADHESIVE VINYL Flexible and versatile material. Engineer grade reflective sheeting, non-reflective sheeting, permanent and removable bumper sticker material, inside mount window decals and perforated vinyl are available. *Common Uses: Window and Wall Decals, Bumper Stickers, Vehicle Graphics*

REFLECTIVE SHEETING Available in 3M AEG Reflective Series, High Intensity Reflective and Diamond Grade Reflective. *Common Uses: Traffic Signs, Trail Signs, Warning Signs*

HIGH DENSITY URETHANE (HDU) An eco-friendly material that does not absorb moisture. High humidity, rain, snow and ice are repelled so your sign will not warp or crack, and the paint lasts longer and stays brighter. *Common Uses: Sandblasted Signs*

DIBOND Aluminum composite material composed of two pre-painted sheets of .012 gauge aluminum bonded to a solid 3mm polyethylene core. This lightweight, durable material is ideal for outdoor applications. *Common Uses: Construction Site Signs, Business Front Signs, Exhibit Displays*

MAGNETIC Available in .030 gauge with a white background and your choice of print colors. *Common Uses: Vehicle Magnets, Business Cards*

ALUMALITE A corrugated plastic core with aluminum on both sides to provide rigidity and durability. It will not swell or corrode from the inside, which makes it a perfect choice for outdoor applications. *Common Uses: Outdoor Business Signs, Construction Site Signs, Wall Mounted Signs, Score Boards*

POLYCARBONATE A 3/16" extremely durable material that lasts 10 years plus, outdoors, and is highly impact resistant. *Common Uses: Backlit Signs, Kiosk Signs*

* Gauge is a term used to reference the decimal equivalent of an inch. For example: .125 equals 1/8".

25-49	\$5.50
50-99	\$5.10
100+	\$4.95

Plastic Spider Stake or H-Wire

CUSTOMER FAVORITES
Both accept corrugated plastic signs. The spider stakes are perfect for compact soil and the H-Wire works best for hard/rocky applications.

1-24	\$2.40
25-49	\$2.00
50-99	\$1.65
100+	\$1.20

Plastic Step Frame

Frame accepts 24" x 18" plastic or aluminum signs. Two extensions included that clip on to the top or side of frame for additional advertising.

1-24	\$17.95
25-49	\$16.95
50-99	\$15.95
100+	\$14.95

Steel Step-In Frame

Frame accepts all 24" x 18" signs. Made from painted steel with mounting holes. Mounting nut and bolt set included.

1-24	\$19.95
25-49	\$17.95
50-99	\$16.95
100+	\$15.95

Realicades

Engineer Grade Polyethylene with UV additives create a durable sign stand that does not fade. Step pegs penetrate compacted soil for easy use. Tabs and mounting holes allow quick, more permanent installation of signs.

High Density Urethane (HDU)

3-Dimensional Sandblasted Signs can be made in many shapes, designs and color combinations. Available in single-sided or double-sided sign options.

Finishes: Smooth Surface, Simulated Wood Grain, Metallic Painting

Thicknesses: 1/2", 3/4", 1", 1 1/2" and 2". Anything over 2" will be custom bonded to reach your desired thickness.

The Advantages of HDU (HIGH DENSITY URETHANE)

At Voss Signs®, we strongly recommend using HDU material. HDU is an eco-friendly material that does not absorb moisture. This means that high humidity, rain, snow and ice are repelled so your sign won't warp or crack, and the paint lasts longer and stays brighter.

Please call for pricing.

Voss Signs carries a variety of quality, affordable stake and sign post options. See page 46, or call for more information.

Aluminum Mounting Nails

3/8" HEAD X 1 1/2" SHANK

Aluminum nails prevent corrosion problems and rust marks that occur when steel nails are used. If the tree is ever harvested, saws will cut through aluminum nails easily, preventing harm to both the saw blade and sawyer.

To use, leave the nail a little short of all the way in, about 3/8" left to go, so that a few of the rings on the nail shank still show. This leaves room for the tree to grow, preventing the sign from being pushed off the nail and keeping the sign mounted longer. **Additional shipping on this item.**

1 lb.	\$7.10
2-9 lbs.	\$6.60
10+ lbs.	\$6.35

approximately 450 nails per lb.

12" x 12" Self-Supporting Premium Posted Signs

Signs come with 2 mounting holes & round corners, no backer board required. Imprints on 10-99 Premium Signs require a \$25.00 imprint charge. Green & Galvanized U-Channel Posts

Voss Signs stocks a wide variety of U-Channel posts and hardware for your sign mounting needs. Be sure to order posts with your signs so you are ready to install them upon arrival. **Galvanized Posts** are recommended where rust resistance is needed and last up to 30 yrs. **Green U-Channel Posts** are steel posts which are powder coated and do not chip as easily as painted posts. If you don't see exactly what you are looking for, call today to speak with one of our friendly sales associates!

Voss Signs® 30# & 60# Rubber Sign Bases

Bases provide a portable signage solution. Made from recycled tires, choose from 30# or 60# bases with a variety of options available. Ideal for: school grounds, parking lots, crosswalks, parades or anywhere portable outdoor signs are needed. These bases will withstand high winds and will not chip, crack or rust.

5' tall PVC or 4' tall U-Channel posts easily attach to these portable bases. Bases are available with wheels for increased portability. All bases have a 1 1/2" post hole. Posts include pre-drilled holes and mounting hardware.

Pedestrian Crosswalk Sign

\$435.55 Additional Shipping

- Sign is 12" x 44" (w x h), crash tested and approved. Post rebounds to an upright position when impacted.
- Fluorescent sign is double-sided and can easily be swapped out or replaced.
- Base is made from recycled tires. This material keeps the sign from blowing over and hugs the pavement securely.
- Sign is MUTCD compliant.
- Built-in handle on base makes sign easy to move where it will be noticed.

Item #PEDXYLD

Rebounds to an upright position
when impacted

66" Delineator Posts

66" tall and 4" wide delineator posts are manufactured out of recycled and recyclable Engineering Thermoplastic Polymers, impervious to rot or rust. They will not splinter like fiber glass. Posts will bend on contact and spring back to original shape. The color pigments are blended throughout to resist discoloration due to UV exposure and to provide a long outdoor life. Decals can be applied directly to post, and signs can be easily attached with bolts or fasteners. Other lengths and colors available. **Call for pricing.**

Available Colors (Both Delineator and Marker Posts)

Additional shipping on these items.

Voss Signs® Tree Identification Tags

Voss Signs® Tree Tags are printed on 4" x 6", medium (.070 gauge) tan plastic, with green print, 4 mounting holes and round corners. This series of descriptive tree identification signs includes as many as three common names, the scientific name, our staff artist's sketch of a typical leaf and a brief description of the tree as well as common uses of the wood. Individuals and organizations across the country are taking advantage of this unique product to help educate students and visitors to better appreciate their natural surroundings. Signs designed by artist Jackie Lawniczak.

Reflective Magnetic Incident Signs

Voss Signs® Reflective Magnetic Stock Incident Signs are easy-to-handle signs printed on 12" x 24" Engineer Grade Reflective Sheeting attached to one or both sides of the .030 gauge magnetic stock. These signs easily adhere to metal plates on either side of the sign stand, allowing 2 or 4 messages per stand, for quick changes when conditions demand.

	Reflective 12" x 24"
Single-Sided	\$34.54 each
Double-Sided	\$49.17 each

If you don't see the sign graphic you need, please give us a call and we will be happy to quote all of your custom needs.

Traffic Paddles

\$20.85 each or 5 for \$19.95 each

18" x 18" double-sided signs attach to PVC pipe for easy use. Signs are printed on light-weight, corrugated plastic with horizontal flutes. Mix and match front and back messages (see below) to suit your needs. Additional shipping on Traffic Paddles.

Fire & Exit Signs

Voss Signs® Fire & Exit signs are available in both 10" x 7" and 14" x 10" on either aluminum .032 gauge or plastic .050 gauge. Reflective and non-reflective decal versions of our Fire and Exit signs are also available. See page 22 for decals.

66" Delineator Posts

Our Delineator Posts are manufactured out of recycled and recyclable engineering thermo-plastic polymers, impervious to rot or rust. They will not splinter like fiber glass, become brittle in the cold, or soften in the heat. Posts will bend on contact and spring back to original shape. The 4"x 4" stock decals, shown on **page 33**, can be applied directly to the posts. Larger 8"x 8" signs can be attached with bolts or fasteners if greater visibility is required. Posts are 4" wide and 66" tall.

For more information on delineators and other post options, call one of our friendly sales associates today!

Post Driver \$245.95 each

For use with or without steel anchor. Remove top plate for steel anchor application.

Steel U-Channel Hard Soil Anchor \$7.58 each

Plastic Soft Soil Anchor \$3.22 each

Additional shipping on Delineator Posts, Post Drivers & Hardware.

Green & Galvanized U-Channel Posts

Voss Signs stocks a wide variety of U-Channel posts and hardware for your sign mounting needs. Be sure to order posts with your signs so you are ready to install them upon arrival. **Galvanized Posts** are recommended where rust resistance is needed and last up to 30 years. **Green U-Channel Posts** are steel posts which are powder coated and do not chip as easily as painted posts.

Other sizes available. Call for more information.

8' Steel Green & Galvanized Posts (1.12#/ft.)
3/8" Holes Drilled Even Inch

8' Steel Green & Galvanized Posts (2#/ft.)
3/8" Holes Drilled Even Inch

Ground-Driven Marker Posts

Marker posts are made from Fiberglass Reinforced Polyester (FRP); offer easy installation and are virtually maintenance-free.

Different lengths available. Call for pricing.

Additional Shipping on Posts.

Posts are flexible and durable enough to bend on contact and spring back to original shape.

Carsonite Posts also available. Call for more information.
